JURISDICTION:	Poland Community School Bruce M. Whittier Middle School

PHILOSOPHY:

The Poland School Committee believes that promoting ethical and responsible behavior is an essential part of the school unit’s educational mission.

POLICY:

The Poland School Committee recognizes that ethics, constructive attitudes, responsible behavior, and “character” are important if a student is to leave school as a “responsible and involved citizen,” as described in the Guiding Principles of the Maine Learning Results. The Poland School Committee also recognizes that Maine law requires the adoption of a district-wide student code of conduct consistent with statewide standards for student behavior developed by the Commissioner of the Department of Education in compliance with 20-A MRSA § 254(11).

The Poland School Committee seeks to create and maintain a school climate in which ethical and responsible behavior can flourish. The Poland School Committee believes that instilling a sense of ethics and responsibility in students requires setting positive expectations for student behavior as well as establishing disciplinary consequences for behavior that violates Poland School Committee policy or school rules. Further, the Poland School Committee believes that in order to teach ethical and responsible behavior, adults who interact with students must strive to model and reinforce ethical and responsible behavior. To that end, the Poland School Committee supports an active partnership between schools and parents.

Recognizing that collaboratively identified core values are the foundation for a school culture that encourages and reinforces ethical and responsible student behavior, the Poland School Committee is committed to the establishment and implementation of a process for identifying shared values and setting and enforcing standards for behavior, including prescription of consequences for unacceptable behavior. The process for identifying such shared values will invite and include the participation of Poland School Committee members, school administrators, staff, parents, students, and the community. Core values will be reviewed periodically, with opportunity for public participation. Following the identification of core values, the Poland School Committee, with input from administrators, staff, parents, students, and members of the community, will adopt a Student Code of Conduct consistent with statewide standards for student behavior¹ that shall, as required by law:

¹The statewide standards are the “core values” identified in the report of the Commission for Ethical and Responsible Student Behavior, Taking Responsibility: Standards for Ethical and Responsible Behavior in Maine Schools and Communities. The core values are: Respect, Honesty, Compassion, Fairness, Responsibility and Courage. The Code of Conduct must be “consistent with,” not identical to, the statewide standards developed under 20 M.R.S.A. § 254(11). This provides an opportunity for communities to identify their own core values and articulate what they “look like” when applied to behavior. The core values serve as a basis for school system expectations for student conduct.
