| JURISDICTION: Poland Regional High School | |

POLICY:

The Poland Regional High School Committee recognizes that there may be some students attending Poland schools for whom English is a new or second language. These students may be significantly challenged as they acquire or improve English proficiency at the same time they are learning the knowledge and skills associated with the content standards of the system of Learning Results. In order to ensure equal educational opportunity, the school system will provide a program for students who are limited in English proficiency.

To that end, the Superintendent/designee shall be responsible for developing and implementing Poland school’s “Lau Plan.” The Lau Plan will describe:

- A. How students will be identified as being from a non-English language background;
- B. How such students will be assessed to determine their English language proficiency level and their need for support in content areas;
- C. The types of services the school system will provide limited English proficiency students to meet their English language acquisition needs and support in content areas;
- D. How limited English proficiency students will be evaluated for the purpose of determining when to reduce services or exit them from the language support services when they are ready to benefit from an all-English Learning Results aligned curriculum, and how their progress will be monitored after they have stopped receiving LEP services; and
