POLAND REGIONAL HIGH SCHOOL COMMITTEE	CODE: IKFBA Page: 1
SUBJECT: Graduation Location	
DATE OF ORIGINAL POLICY: February 2006 **REVISION DATE:**	
JURISDICTION: Poland Regional High School	

POLICY:
Graduation is intended to be a celebration of our students and our community. As such, it is best carried out within our community.

In addition, as a relatively new school, Poland Regional High School seeks to establish solid traditions at the school that reflect the high standards we expect of our students.

With this in mind, it is the policy of the Poland Regional High School Committee that graduation ceremonies shall be held in the gym at Poland Regional High School.

Since it is possible that at some time Poland Regional High School may outgrow the gymnasium, the Poland Regional High School Committee is open to a proposal from the administration to change the site. Such a change, however, must be approved by the Poland Regional High School Committee.
