

Poland Regional High School
School Board Report
April 2023
Erik Anderson, Principal

Teaching and Learning

What do the following questions have in common?

How do I prepare and serve a 3 course meal that incorporates 5 methods of cooking?

How do I plan and conduct a fashion show that promotes school spirit and confidence?

How do I write, produce, direct, and edit my own narrative short film including one or more actors in a fictional story?

How do I build a more efficient forge?

PRHS seniors presented their excellent work in response to these questions - and many more - during our *Celebration of Learning* days on April 27th and 28th.

PRHS sophomores presented their researching, thinking, and reflection on the following four questions:

Who am I?

How am I doing?

Where am I going?

How am I going to get there?

Many thanks to Superintendent Ken Healy, Assistant Superintendent Amy Hediger, Board Chairperson Mary Martin, Board Member Andrea Winn, and parent Heidi Gagnon for their willingness to spend some time with us scoring the students' presentations .

- On April 28th, juniors Audrey Fryda and Sydney Lacombe participated in the Maine Women's Lobby Education Fund Youth Policy Leadership program at the State House.
- On April 28th, senior Kendall Erwin and teacher D'Arcy Robinson presented to the MPA on Speech & Debate teams in Maine.
- May 17th grade 11 will be taking the MEA Science assessment
- May 18th, 19th grade 10 will be taking the Maine Through Year (formerly NWEA) math & reading assessments
