February 2024

Instruction - Our Winter/Spring session started on January 2nd and runs through June 13th. Academic and enrichment classes are listed in our recent brochure and on our [website](#). We ended December with a total of 34 enrollments and added 4 more in January; 23 students are actively attending, while others have exited our program to move on with new goals or have stopped out for various reasons.

2024 Brochure

Staffing - We made it through two emergency staff absences in January, which left just myself and our administrative assistant. We were able to work through these absences without having to cancel any student learning time, and we are now working back up to being fully staffed. We have also hired a substitute who will help us continue to meet student needs, as well as offer computer classes in the near future.

Professional Development - We attended a virtual workshop on January 26th about supporting neurodiverse students in education and employment.

McKinney Vento Homeless Liaison Report

To date this school year, we have identified 21 McKinney Vento youth in our schools.

These are students who lack a FIXED, ADEQUATE and REGULAR nighttime residence.
